PROJECTS

RESULT WORLD (LIVE):

- It is a website I had made for leaning purpose, A site where you will find all the things related to programming language and also the current updates on all type of exams and results published on the internet or by any institution.
- Our Motto for this website is to make student available all the required information at a single place.
- LINK OF THE SITE: <https://resultworld.in/>

Bank management system:

- It is a C++ code in which we have made a system for Bank where you can deposit , withdraw the money.
